Happiness is
handmade.

Prym Consumer

The strong partner for your success

Prym Consumer

We have a tradition of progress

Prym Consumer is one of the world's leading suppliers of sewing accessories, creative handicraft products and fashion accessories.

Almost 500 years of tradition as the oldest German family business and values that consistently guide our actions have had a decisive influence on this success.

We believe that handicrafts make people happier because they enjoy being creative.

With high-quality, innovative and more sustainable products, as well as suitable inspiration and instructions, we guarantee user-friendliness, successful projects and many handmade moments of joy.

Our customers are at the centre of everything we do.

With quick and easy solutions and a comprehensive range of services, we ensure maximum satisfaction - supported by a dedicated team and efficient processes.

Our foundation: respectful cooperation.

In our dealings with business partners, customers and employees, we expressly emphasise appreciation, trust and reliability.

500 years of tradition

Happiness is handmade

Customer-orientation

Cooperation

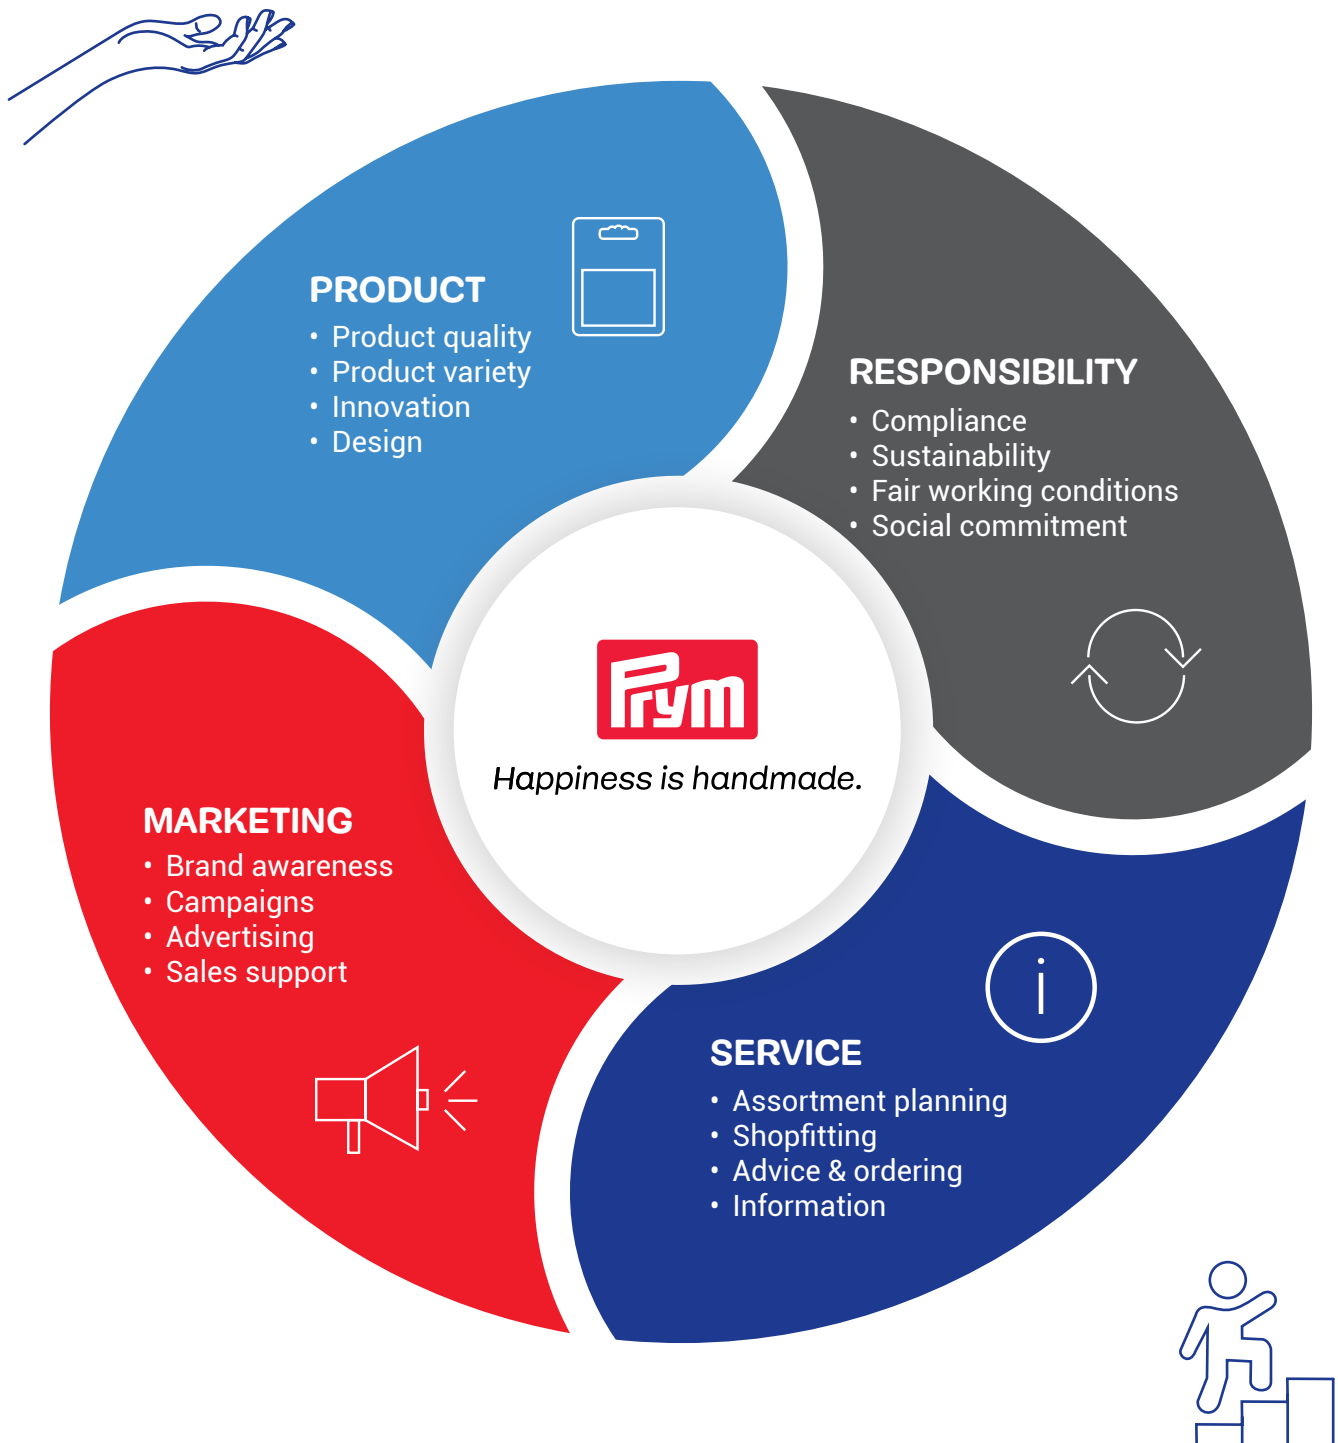

Prym - Your reliable partner

What you can expect from us

With Prym, you benefit from a partner who supports you with expertise and commitment - for your sustainable success and a clear competitive advantage.

Our added value:

a first-class product range that meets the highest quality and social standards, customised services and promotional marketing support.

Quality

We guarantee user-friendliness and satisfied customers

Our products are characterised by high-quality materials, special production processes and a long life span. We continuously invest in product development in order to always offer you top quality.

For example, our needles have a special surface coating without nickel, which reduces the risk of contact allergies. The aluminium crochet hooks go through 25 production steps to manufacture the precise shape without burrs. In this way, we not only offer safety, but also quality at the highest level.

Production processes

Product safety

Product variety

The optimum mix of handicraft products from a single source

With over 20,000 articles, Prym offers all handicraft ranges from a single source.

From universal products to specialist tools, our products convincingly cover a wide range of customer requirements. Strong premium partners in the needlework sector complete our product range.

Comprehensive market research provides us with valuable insights into future customer requirements. This enables us to react to changes in the market at an early stage in order to offer the optimum product mix.

Professional tools

Favourite products

Innovation

Patented product innovations guarantee a competitive edge

The development of pioneering ideas for creative handicrafts has always been one of our core competences.

We set new standards through numerous product innovations and always offer our customers solutions that provide them with real added value.

Many of our innovations are patented and testify to our endeavour to bring the best and most innovative products to the market. Numerous awards confirm the high quality and success of our products and emphasise Prym's leading role in the industry.

Ergonomics

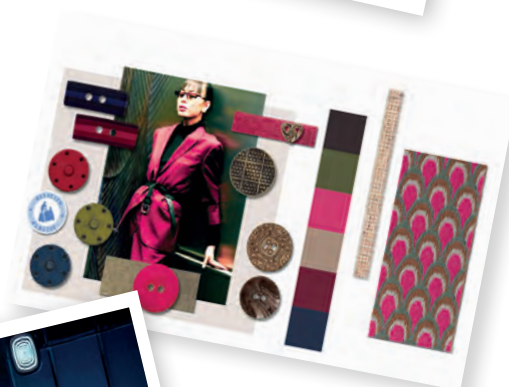

Innovation

Design

Our products meet the pulse of the times and the trends of tomorrow

We share our sewing community's passion for design, fashion and the trends of tomorrow.

Thanks to our deep understanding of next season's style, we deliver the perfect products and stylish inspiration to shape future trends. A team of experienced product designers develops seasonal products that are precisely tailored to the trends of the next season.

Fashion

Compliance

Customers are willing to pay more for reliable, high-quality and safe products

Our dedicated quality management team ensure that all Prym products are compliant.

We guarantee and exceed compliance with legal standards and safety regulations, which increases the quality and longevity of our products. This minimises health and environmental risks and significantly reduces the

risk of customs import bans or product recalls. This strengthens customers' trust and willingness to buy, as they can be sure that they are buying a reliable and tested product.

Sustainability

Prym products ensure the trust and satisfaction of environmentally conscious customers

Sustainability is a central pillar at Prym. We are gradually converting our range to plastic-free packaging.

Since the introduction of the Prym 1530 brand in 2021, Prym has already saved 4.7 tonnes of plastic and will continue these efforts.

The Prym Group wants to become climate-neutral by 2040, ten years earlier than the EU target of 2050. This includes all emissions along the entire value chain. Prym is focussing on saving energy, using renewable energies and offsetting remaining emissions.

Fair working conditions

Support social responsibility and make conscious ethical decisions

Prym is a member of the amfori Business Social Compliance Initiative (BSCI), which campaigns for better working conditions in global supply chains.

Prym is committed to involving its suppliers in the BSCI process and thus helping to ensure that they accept the initiative's code of conduct with 11 international values and principles.

This gives Prym access to social audits and monitoring activities that help to identify, prevent and remedy labour risks and negative human rights impacts.

99% social supply chains

amfori 
Trade with purpose

Social commitment

Together we are committed to the well-being of our fellow human beings

For us, being part of society also means giving something back.

That's why we use one per cent of our profits for social projects that benefit children and young people. The majority of these funds go to Kindernothilfe e.V., our central partner in social commitment. We also support SOS Children's Villages and donate to charitable institutions, schools and rehabilitation centres.

Social projects

Shop fitting

We support you with shop fitting to create a unique shopping experience

Prym would like to help you make your customers feel even more comfortable with you and ensure that they will always be happy to return.

specific circumstances and personal requirements. From Interio displays to shop-in-shop systems - everything can be customised and implemented with our professional support.

That's why Prym has developed a modular furnishing system that can be individually installed and expanded according to your

Assortment planning

Customised product range concepts ensure maximum space productivity

We create customised planograms that are precisely tailored to your needs.

Our aim is to provide you with a customised product range that ensures optimum space productivity.

Through careful analysis and planning, we ensure that each product in your range offers the greatest possible added value and contributes efficiently to achieving your business objectives.

Advice & ordering

Customised solutions -
simple, fast and tailored to you

We focus on your concerns. We do everything we can not only to fulfil your expectations, but to exceed them.

Our dedicated sales team of over 50 employees is available to assist you in person or by telephone and offers you competent, personalised advice.

Via the B2B online shop at prym.com, you can conveniently log in with your retailer account and place orders easily and quickly.

It's even easier with our Prym Order App - for fast, flexible and convenient order processing.

Brand awareness

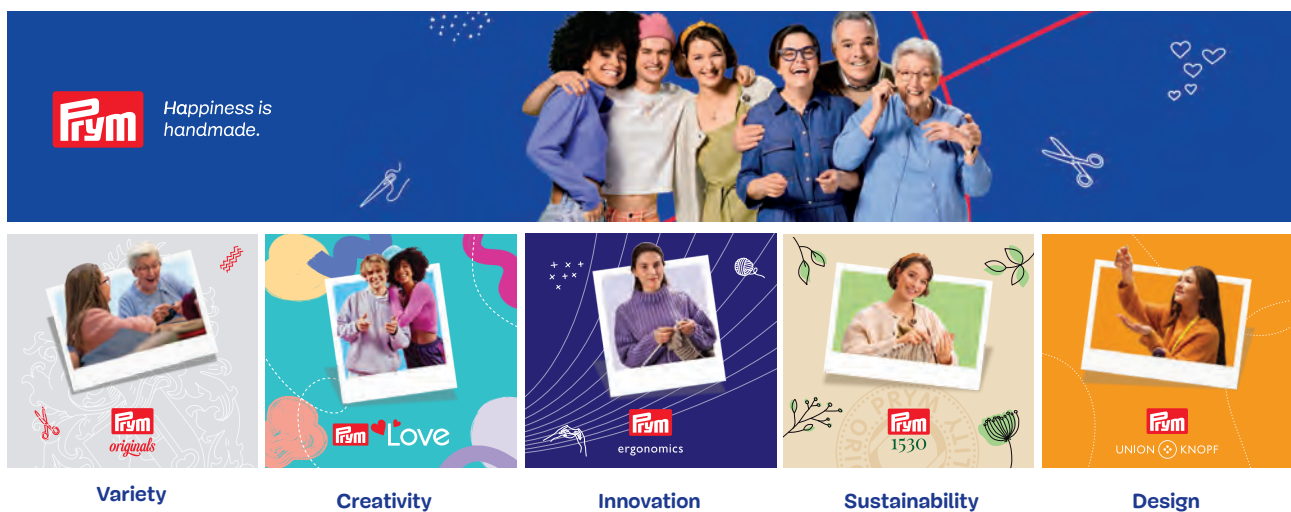

Number one in retail - first choice for your customers

The Prym brand enjoys worldwide brand awareness and is the market leader in Europe.

This means that Prym is the first choice for many customers when it comes to creative handicrafts. Prym should therefore not be missing from your range - because when your customers are looking for handicraft products, they are looking for Prym.

The reasons for handicrafts are as varied as your customers.

In order to cater for a wide variety of target groups, we have 5 strong sub-brands under the Prym umbrella brand that fulfill different needs.

Campaigns

Arouse interest and create buying impulses with inspiration and instructions

Regular marketing campaigns from Prym offer retailers real benefits: they provide inspiration, offer valuable instructions and stimulate customers' creativity.

This increases interest in handicrafts and specifically promotes the impulse to buy - for more sales in your shop and stronger customer loyalty.

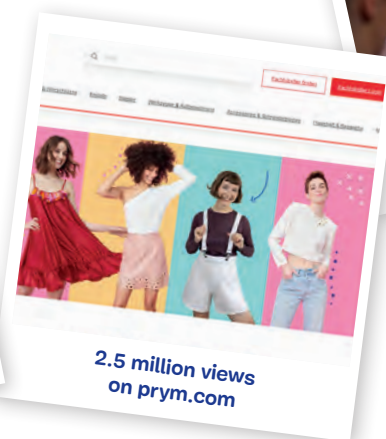

Advertising

Our advertising measures attract attention and direct customers to your shop

Prym invests in marketing activities to maximise awareness of handicrafts. These investments help to ensure that our brands are remembered, which will ultimately lead to a higher willingness to buy.

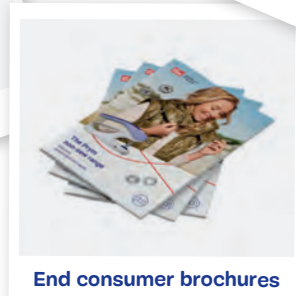

With our end consumer advertising measures, we achieve a reach of around 10 million per year, from which you also benefit.

Sales support

Free advertising material saves you time and money

We offer you a comprehensive selection of free trade marketing measures to support sales in your shop in a targeted manner. With this advertising material, you not only attract the attention of your customers, but also motivate them to buy.
